

Design and manufacture of standard or customized load sensors, electronic systems and instrumentations

Aeronautics industry

Instrumentation

- Static and flight Test
- Work on blade, Low pressure compressor...
- Multi-components sensors for assembly line
- Installation of pressure pipe
- Strain gages bonding: Airbus A350, A380, DASSAULT, BOMBARDIER
- Strain gages or fiber optic technology

Paris, Nantes, Toulouse & Istres in France – Madrid, Hamburg & Montréal

MAJ 25/01/2018

ATEX / IECEx – Cryogenics / High T° – Submersible – Nuclear – Certificates - Fiber optic
